

A photograph capturing a joyful moment between three individuals. On the left, a woman with long dark hair, wearing a blue and white striped shirt, is laughing heartily while looking towards the center. In the middle, a young woman with dark hair, wearing a dark grey jacket over a green turtleneck, is also laughing and looking towards the right. On the right, a young boy with dark hair, wearing an orange shirt and blue arm braces, is seated in a wheelchair and laughing. He is holding the hand of the young woman. They are all gathered around a dark wooden table. The background is a light-colored stone wall. The overall mood is warm and positive.

Improving health outcomes by more effectively addressing the complexities of an individual's medical, social, and behavioral needs
